HOW TO USE THIS KIT

This kit can be used with any game, and the points cards are universal, so players may redeem them for anything available on our Prize Wall.

Currently our Prize Wall supports players with prizes from a variety of games including: Magic: The Gathering, Yu-Gi-Oh!, Cardfight!! Vanguard, Force of Will, Pokemon, Dice Masters, HeroClix and Weiss Schwarz. Additionally, they can also use their points toward TCGplayer.com gear like shirts, playmats and card sleeves.

SUPPORT MATERIALS AND GAME GUIDES

Need table tents? Looking for a guide on how to hold a Force of Will or Dice Masters game? Visit the "Host a Game" section of TCGplayer.com/prizewall to access additional resources and materials to support your games.

DON'T FORGET THE KICKSTARTER TOKEN

At the conclusion of your event, make sure that all first time players get a chance to examine the Kickstarter Token card. They should write down the code and visit tcgplayer.com/prizewall to redeem their Kickstarter point, either with a mobile device, or the next time they are online at home. This Kickstarter point will be the beginning of their journey towards earning TCGplayer.com Prize Wall awards at your store, so make sure they understand that the only way to earn more points is to come back and play in more games!
